

At the rate things are going,
to bank with a LARGE BANK
you're going to have to
give THEM a toaster.

The relationship between people and their banks has historically been built on trust. But then some big banks compromised that trust and we all felt the consequences. So maybe it's time to get back to basics, with a bank that is committed to the principles of service and dedication to the community. At Tower, we're not concerned with Wall Street or bailouts or bonuses. Our success comes from investing in people. People like you. Tower Bank. A bank whose time has come.
